

Product

TFL finish Cabinets by Blake Solutions Inc. Kitchen, Vanity, and Cabinet products.

Manufacturer

Blake Solutions is headquartered in Memphis, TN, USA with manufacturing facilities in Asia and North America.

Product Composition

European Style (frameless, full overlay) TFL cabinets are constructed of 5/8" particle board with a TFL interior and exterior, and TFL clad 5/8" particle board doors with edge banding matching the TFL door color. TFL thickness is 85gsm-110gsm depending on pattern and color. Edge banding thickness is .6mm-2mm, also dependent on color and pattern. Dowel and screw assembly. Doors utilize adjustable, concealed hinges. Drawer boxes utilize full extension, ball bearing, side mount glides.

Product Categories

BSI provides several different styles of quality cabinets for student housing, multi-family, and assisted living facilities.

Colors

BSI cabinet products are available in a vast array of colors, giving the appearance of paint or actual wood stains, and is versatile enough to match most competitor's colors.

Limitations

BSI cabinet products are not recommended for exterior use. Material should not be used in areas exposed to sustained temperatures exceeding 150 degrees F. Follow all recommended installation procedures provided by manufacturer.

Finish

The TFL finish provides a durable, water-resistant finish. Finishes can be matte, with smooth or textured (doors only) finish. Cabinet interiors will be a solid white TFL finish or match to the color selected for the exterior.

Hardware

BSI cabinet products are available with a variety of hardware to be specified from our standard offerings or upgraded if desired.

Cost

Cost varies with product category. Please contact Blake Solutions for a customized proposal.

Installation

Blake Solutions provides turn-key installation of all cabinet products we furnish.

Warranty

BSI cabinet products offer a 1-year warranty against defects in construction, hardware, or finish.
